I'm on a call right now, but we are available before 2:30 ET (1:30 Chicago). Do you want to try for 1:30 ET (12:30 Chicago) today? If not, what is your availability this week. Tuesday is pretty full for me, but I'm fairly open otherwise. I would also want to check Shelly's schedule.

Maria,

Do you have a few minutes to discuss this matter today or later this week?

Please advise.

Thank you.

Thank you for checking.

I believe the attached correction/errata correspondence is being mailed out today.

Maria,

When does the U.S. EPA intend to mail the revised General Notice of Liability letter? I have not yet received a copy.

Please advise.

Thank you.

CONFIDENTIAL SETTLEMENT DISCUSSIONS

As a follow up to our discussions on 3/26/14, I am forwarding a dump list IDEM provided, indicating that residue from the Kokomo Teepee Burner went to the Graves Dump; and the Dixon Road Site Assessment report, which shows contamination at the Dixon Road Site, including PCB aroclors, essentially the same as those found at the adjacent Kokomo Dump Site. I am forwarding the documents we obtained on the 1958 case by separate Email.
